AERO PRESS
COFFEE DRIPPER STAND LIGHT

NPS AERO PRESS COFFEE DRIPPER STAND LIGHT

Stand for Aero Press® Coffee (without Tray)

This NPS Aero Press® Coffee Dripper Stand Light is for the Aero Press® Coffee System. The bars of the Stand are manufactured to thicker and wider specifications than NPS's basic Coffee Dripper Stand. To accommodate use of large pitchers and pots, this Stand does not include a perforated stainless steel insert.

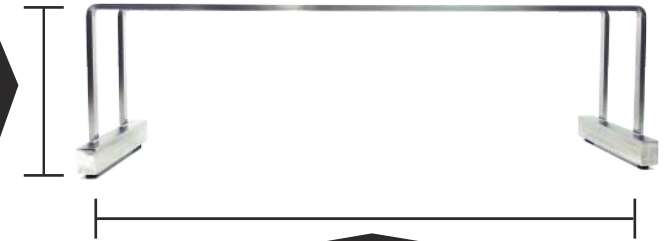

Using the Aero Press® Coffee Dripper Stand Light, coffee can be served directly in glass or paper cups, pitchers or pots. This allows the Stand to be used in various ways.

20 Custom Sizes to Choose From:

You may order your NPS Coffee Dripper Stand according to the exact dimensions of your Aero Press® system, cups, pitchers, pots and other equipment.

Distance from the base to
the underside of the top bar:
**100, 120, 140
160 or 180mm**

Distance between the outside edges
of both vertical bars:
300, 400, 500 or 600mm

※Special custom sizes also available.
